Forward-Looking Statements

This news release contains “forward-looking statements” within the meaning of Canadian securities legislation. Such forward looking statements concern expected subscriptions and closing of the Offering, net proceeds from the Offering and the intended use of proceeds. Such forward looking statements or information are based on a number of assumptions which may prove to be incorrect. Assumptions have been made regarding, among other things: availability of funds to complete the Offering, conditions in general economic and financial markets; timing and amount of capital expenditures; effects of regulation by governmental agencies, and receipt of necessary Exchange approvals. The actual results could differ materially from those anticipated in these forward-looking statements as a result of risk factors including: the availability of funds; the timing and content of work programs; results of exploration activities of mineral properties; the interpretation of drilling results and other geological data; and general market and industry conditions. Forward looking statements are based on the expectations and opinions of the Company's management on the date the statements are made. The assumptions used in the preparation of such statements, although considered reasonable at the time of preparation, may prove to be imprecise and, as such, readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date the statements were made. The Company undertakes no obligation to update or revise any forward-looking statements included in this news release if these beliefs, estimates and opinions or other circumstances should change, except as otherwise required by applicable law.
